Subject: Details about ICMR Depots and dsitribution

D.O. No. R15013/01/2020-HR-VRDL

Dated: 10th May 2020

Subject: Details about ICMR depots for distribution of diagnostic materials (VTM, RNA extraction kits and Real Time PCR Kits) to all states.

Dear Chief Secretaries/Principal Secretaries (Health) of all States,

This is to bring to your kind attention that ICMR has established 16 depots in various parts of the country for distribution of diagnostic materials **(VTM, RNA extraction kits and Real Time PCR Kits)** to all states. The objective of establishing these depots is to facilitate continuous supplies to all sates for uninterrupted COVID-19 testing. I am herewith attaching an office order delineating the contact points at ICMR as well as all 16 depots, for your ready reference. Kindly note that most of the depots would be serving more than one state / UT and the supplies have been stocked accordingly. Based on demands from individual states, the depots maintain an allocated stock for each state. You are requested to establish contact with the designated depot of your state for procuring the allocated diagnostic supplies.

Kindly note that it is critical for us at ICMR to establish a robust supply chain management system to ensure uninterrupted supplies of diagnostic reagents and kits for states. For this, it is vital for all states to strictly ensure timely reporting of testing data of your state on ICMR portal and also ensure that each lab makes regular entry of the available supplies on the inventory portal of ICMR. This will enable us to replenish your supplies before complete stockouts.
